

National 4-H Club 'Week' Under Way

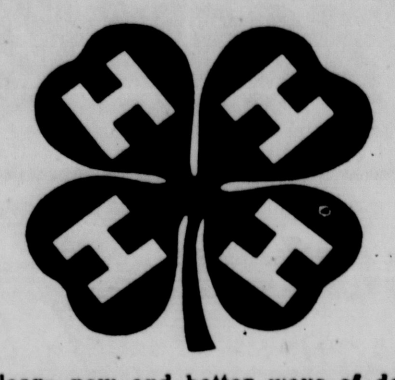

This is National 4-H Club week—today through March 7.

National 4-H Club Week is set aside to honor 4-H club members, advisors, and parents for efforts put forth in the 4-H program. A special salute this year is directed toward the 4-H alumni, including the 20 million men and women who have participated in the 4-H program in past years. Nearly 4,000 men and women have been members of 4-H clubs in Pickaway County.

In 1958, Pickaway County had over 800 4-H club members in 48 different clubs. These members completed 1,314 projects in agriculture, home economics, and leadership.

Any youth who is between 10 and 21 years old can join a local 4-H club. Clubs can be located in any farm area, village, or town and are only dependent on having an advisor and interested boys and girls.

Each 4-H member completes a project in which he has an interest and by doing this the member can

Dem Powwow in Los Angeles To Tag Brown as Kingmaker

WASHINGTON (AP)—The Democratic party's decision to hold its 1960 convention in Los Angeles appeared likely to move California's Gov. Edmund G. Brown into a kingmaker role in the presidential nominating contest.

The committee voted 71-35 Friday to hold its nominating convention in Los Angeles. Chicago and Philadelphia members fought this decision in an acrimonious five-hour session of the group but lost by votes ranging from 68-37 to 67-39.

Brown will get an early chance to display himself to the convention delegates in a welcoming speech. It was with just such a speech that Adlai E. Stevenson brought the house down in the 1952 Chicago convention that later nominated him for president.

Probably nobody in California thinks that Brown is a serious candidate. But as a favorite son he can control California's powerful convention vote on the first ballot. After that he can attempt to throw the state's important delegation behind another candidate.

With the convention site settled, the Democrats turn their attention to a \$100-a-plate victory dinner here tonight. Two Texans, Senate Democratic Leader Lyndon Johnson and House Speaker Sam Rayburn, will be the main speakers.

Camille F. Gravel Jr. of Louisiana, who headed the site subcommittee, said the party would get about \$750,000 in benefits from Los Angeles.

The convention will open July 11, 1960, in the Los Angeles Arena which is now 80 per cent complete. The air-conditioned arena will seat 22,400.

Plans call for seating the 3,500 delegates on the main floor with spectators and the press on the two tiers of seats rising around it.

Soviet Trawler Is Linked to Cable-Cutting

U.S. Naval Officer Doesn't Say Whether Damage Is Accidental

ARGENTIA, Nfld. (AP)—The U.S. naval lieutenant who searched the Novorossisk says the Soviet trawler "probably quite likely" had something to do with breaking transatlantic cables.

But, he emphasizes, "I don't know whether accidentally or intentionally."

Lt. Donald Sheely of Falls Church, Va., told a news conference here Friday night that the Soviets offered no resistance to his boarding party on Thursday and sailed away on being told to leave the Grand Banks area where five cables were broken.

In Sydney, N.S., the Eastern Telegraph and Telephone Co. said a patrol plane had sighted about 20 trawlers—15 of them Soviet—still operating in the area Friday. The pilot said the ships "just appear to be fishing."

Rough seas and drifting ice held up repairing of the cables. Two Western Union cables are standing by but the weather forecast was gloomy for beginning work for some hours.

The Soviet Communist party newspaper Pravda called the boarding illegal and the official Soviet news agency Tass described it as the "unlawful action of the American naval fleet in the open sea."

Neither gave any immediate indication whether the Soviets intend to make a formal diplomatic protest. If they do, they face a rebuff.

U.S. State Department press officer Lincoln White said in Washington "I don't think any apology is involved in any way, shape or form. This was not a hostile action, but an investigation clearly provided for under terms of a treaty."

The Soviet accounts of the boarding in the Grand Banks fishing grounds off Newfoundland made no mention of the 1884 treaty which permits inspection of the documents of ships suspected of damaging oceanic cables, intentionally or accidentally.

Moscow Radio, in a newscast to the Soviet people, tended to treat the boarding as a routine story. It quoted Adm. Jerauld Wright, commander of the U.S. Atlantic Fleet, as saying "The skipper of the Soviet trawler showed a friendly attitude and acted in a cooperative spirit and that nothing was found to show any other object than fishing."

Cmdr. Ernest J. Korte of U.S. Navy radar picket ship Roy O. Hale, who sent the party aboard the Soviet trawler said the cable breaks occurred in about 175 fathoms of water about 180 miles east of Cape Bonavista, Nfld.

Radioman 3.C. Roland A. Poulin of Chicopee, Mass., who acted as interpreter for the five-man boarding party, said the trawler's journal "indicated she had been operating in the area where the cable was broken."

Sheely said "I believe it definitely possible and probably quite likely the trawler had something to do with breaking the cables—I don't know whether accidentally or intentionally."

U.S. Ready To Fire New Satellite into Sun Orbit

Dave Beck Handed Prison Term, Fine, Scathing Lecture

TACOMA, Wash. (AP)—Former Teamster Union President Dave Beck received a five year sentence and \$60,000 fine Friday for income tax evasion, plus a double-barreled denunciation from the judge.

"The exposure of Mr. Beck's insatiable greed, resulting in his fall from high place, is a sad and shocking story," said U.S. District Judge George Boldt, in a scathing, 20-minute lecture before passing sentence.

Beck quickly posted \$70,961 to cover the fine and court costs and was released. After his conviction Feb. 19, Beck spent a night behind bars for the first time in his life before appeal bond was set.

A motion for a new trial was denied.

The government could claim more than half a million dollars from Beck.

He was charged with evading \$240,607 for the years 1950-53, but the government raised its estimate of the amount actually owed to \$258,636. In addition to the fine and court costs, a 50 per cent fraud penalty of \$129,318 and \$96,996 in interest at 6 per cent brings the total to \$555,911.

Beck, 64, stood calm and quiet, one hand clenched behind his back and the other in a trouser pocket, as the judge began his denunciation.

He refused two invitations to address the court. But later he told reporters, "I am not the first innocent person to be sentenced nor will I be the last."

He said he had authorized his attorneys to push the appeal, filed last week.

Army's Missile Scheduled To Go Past Moon

Launching Is Slated During Weekend as Space Work Increases

CAPE CANAVERAL, Fla. (AP)—The United States, flexing its missile muscles in a spectacular series of firings, is ready to try again to ram a satellite past the moon and into orbit around the sun.

The Army moon-shoot appears likely this weekend, although the exact time still is a secret.

Preliminaries in the big weekend end space show were:

Launching of a powerful 80-foot Thor-Able rocket early today on a 5,000-mile ICBM nose cone recovery test.

Successful firing of a 28-foot Jupiter missile Friday over a 1,700-mile range to test its tactical ballistic shell, nose cone, engine, warhead and fusing system.

Launching of the Navy's Polaris nuclear submarine rocket Friday. The Navy later said the Polaris may have broken up soon after it disappeared into the clouds, although considerable test data was recorded. Three of four earlier Polaris firings were unsuccessful.

The Army moon rocket waiting to take the limelight was a four-stage Juno II — a Jupiter surmounted with three successive stages of Sergeant rockets.

Its star role will be to hurl a 13-pound satellite loaded with radiation equipment past the moon to become an artificial planet whirling around the sun.

The first and second stages of the Juno II rocket will be in a spinning bucket to give stability in flight. There will be 11 of the solid fuel Sergeant rockets in the second stage, three in the third. The fourth stage will be one Sergeant rocket to which the little satellite will be attached.

The planes of the earth and moon are now in the best relation—with the moon about 220,000 miles from the earth.

The first Army moon-shoot last Dec. 6 climbed 64,000 miles. The Pioneer II rocket fired by the Air Force last Nov. 8 reached 71,000 miles.

The Soviets have claimed they sent a space probe past the moon early this year.

The Thor-Able fired early today shot through the clouds with a brilliant flash at the start of the nose cone recovery test—the fifth of a series. The first four failed.

Mikoyan Claims Mac Talks Tough

MOSCOW (AP)—First Deputy Premier Anastas I. Mikoyan has implied Prime Minister Macmillan is to blame for putting the chill on British-Soviet talks by taking a "tough line" on Germany.

Mikoyan said Friday night that if the West does not arrange a peace treaty with Germany and settle the Berlin issue the Soviets will sign a separate pact with East Germany. The Western powers do not recognize the Communist East German state.

He said the Macmillan had "assumed a tough line" on the German question during talks here with Soviet Premier Khrushchev.

Mikoyan, standing for a seat in the Soviet Federation Parliament, made his remarks at a political rally at Rostov-on-Don while Macmillan was visiting the Ukrainian capital of Kiev.

Macmillan told his Soviet hosts at a dinner in Kiev Friday night that the Soviet Union must negotiate with an honest desire for fair agreement if it really wants peace.

But sources close to the British delegation said Macmillan has just about given up hope of bringing East and West closer together on the Berlin crisis in view of Khrushchev's uncompromising stand.

The Soviet Premier attacked the West Tuesday and turned down a Western call for a foreign ministers' conference on Germany.

However, British Foreign Secretary Selwyn Lloyd, accompanying Macmillan, has been pictured as determined to salvage something out of the Khrushchev-Macmillan talks which have been unproductive thus far.

A final meeting between the two leaders is scheduled in the Kremlin Monday with a communiqué to follow.

Macmillan flew to Leningrad today for a visit there before returning to Moscow.

The British Prime Minister was faintly praised and roundly criticized in Mikoyan's Rostov-on-Don speech.

Mikoyan said the initial impression from Macmillan's visit was that the British leader was "probing for mutually acceptable solutions" to important problems. He said Macmillan "displayed initiative by advancing several proposals on trade and cultural exchange."

"Later, when the talks turned to the peace treaty with Germany and the Berlin question, the Prime Minister had assumed a tough line, possibly weighed down by his Allied commitments."

Ohio Congressman Explains Why His Wife Is on Payroll

WASHINGTON (AP)—"When members of Congress are first elected," says freshman Rep. Robert W. Levering (D - Ohio), "nobody tells them how to get competent help."

"In my case, I was more fortunate than most. My wife, who has two college degrees, has helped me in my campaigns, and knows farming from a pitchfork up."

This, Levering tells us why he hired his wife, Eileen, as his secretary at an annual salary of \$12,527.

"Actually," Levering went on, "it's traditional in my district. J. Harry McGregor (Republican predecessor of Levering and now dead) employed his wife as his top aide for years."

"They were a good working combination. I think all this current fuss is an attempt to smear the Democrats with an emphasis on trivial things."

In the case of the House, it is a simple matter for reporters to get a rundown on what members pay their staffs. The payrolls are always public.

That is not true in the Senate, where salaries of senators' employees are kept secret—unless an individual senator is "willing to give them out."

With this in mind, a reporter asked Ohio's Democratic senators, Frank J. Lausche and Stephen M. Young, for information about their office payrolls.

Both said they employ no relatives—but both refused to make public their payrolls. One of their objections was that they did not want members of their staffs to compare salaries.

The approximate annual salaries of the staffs of Ohio members of the House, as figured from January payroll records:

Rep. Clarence J. Brown, Republican — Rose Kincaid, \$13,344; Margaret Harpster, \$8,192; Nancy Smith Brown, \$6,873; Cynthia Love, \$5,554; Loveligh Seffers, \$1,379; Diane Primeau, \$1,379.

Rep. Delbert L. Latta, Republican — Edgar A. Drake, \$13,344; M. Leona Adam, \$8,192; Shirley A. Chance, \$5,554.

Rep. Walter H. Moller, Democrat — Phillip F. Lavelle, \$7,438; Richard F. Downs, \$7,061; Lena T. Reed, \$5,366; Charibel Reynolds, Jane Kay Collins, \$3,373.

Rep. James G. Polk, Democrat — Mae S. Belcher, \$12,363; Barbara E. Sterling, \$7,815; Annalee Connors, \$7,438; Eleanor L. Coyle, \$6,308; Martha J. Whillite.

6-Day-Old Calf Romps In Parlor

MEDINA, Ohio (AP)—How about a six-day-old calf for a pet—or is it a patient?

Much to the chagrin of Mrs. George Wolcott, a 20-pound Holstein calf—they call her squirt—romps in the Wolcott living room. The Wolcotts operate a dairy farm west of Wadsworth.

Squirt, born two months prematurely, weighs 40 pounds less than a normal calf. This means special treatment: A bottle of milk every four hours, night and day. And a heat lamp to keep her warm while she sleeps in a straw-filled box in the kitchen.

"Our veterinarian was surprised she lived at all," Mrs. Wolcott said and added:

"What could I do?"

"I couldn't let her die, and she needs constant attention."

But animals in the Wolcott house aren't anything new.

"Last spring," Mrs. Wolcott explains, "the girls made me bring a tiny pig, the runt of the litter, in the kitchen until we felt it could survive." The girls are Delores, 16, Phyllis, 15, and Carol, 6.

"I don't know how long I'll have to keep this baby in here," she said referring to Squirt.

50 Amateur Rockets Set For Blastoff

CAMP A. P. HILL, Va. (AP)—Fifty rockets, including a three-stage affair developed by a Baltimore man, are ready for firing today during an amateur rocket shoot that has attracted enthusiasts from as far away as New England.

The rocket shoot is sponsored by the national capital section of the American Rocket Society. It will climax a 15-week course on the science of rocketry for amateur scientific groups, conducted at Ft. Belvoir.

The three-stage rocket developed by Gerd Nathan, 27-year-old native of Germany, is the first such rocket to be tested at "Little Cape Canaveral" on the Camp A. P. Hill reservation.

Nathan's rocket is 41 inches long and weighs a pound and a quarter. He said Friday the rocket is designed to reach an altitude of about 14,500 feet if the weather is right and attain a velocity of 612 m.p.h.

He hopes to market it, with amateur rocket enthusiasts as potential customers.

Tags for '59 Go on Sale Here Monday

Vehicle license tags for 1959 go on sale Monday at the Deputy Registrar's office in the basement of the Pickaway County Courthouse.

Deputy Registrar Joseph Brink said his office will be open from 9 a. m. to 5 p. m. for about the first three weeks of the month. The last week of the month the office will be open from 7 a. m. to 9 p. m. to handle an expected late rush of purchasers, he said.

Pickaway County motorists are reminded that the tags must be on vehicles by April 1.

Brink said his supply of tags has been received here, including auto, truck and motorcycle plates. Cost is the same as last year, he said.

BRINK said the first Y series tags to go on sale will start with the number 801. The first X series will start with 5001.

According to the registrar, approximately 300 vehicle owners already have put in requests for special numbered plates.

Today's News in Brief

By THE ASSOCIATED PRESS

Spotty rainfall and a snow belt, continuing reminders of a topsyturvy winter season, dampened the whiff of spring-like weather over much of the nation today.

Fair, mild climes hugged broad areas with the mercury soaring into the 40s and 50s in the North.

Another day of sunshine also was the outlook in the South, triggering 60 to 80 degree readings.

But a disturbance over the Great Lakes loosed snowfall and freezing rain at some points.

HAVANA (AP)—Police rushing to the Cojimar district on a report that Prime Minister Fidel Castro's house was sprayed with bullets said today an investigation showed the shooting was five miles away.

Police Lt. Jesus Castiel said what happened was this:

"Five miles from where Dr. Castro lives two shots were heard. At the place of shooting the person who fired the shots was not found. It appeared that the person did not have permission to carry a gun and fired for the purpose of frightening some thieves who were pushing against a door."

CINCINNATI (AP)—Thomas Reid, 80, was found beaten to death in his home here today. Police said they are questioning a woman and two men but did not disclose their connection with the case.

Officers said Reid apparently had been beaten with a shotgun. The broken gun was found alongside his body.

NEW YORK (AP)—A federal mediator announced today that a threatened strike Monday by 8,000 employees of Pan American World Airways has been averted.

SPARTANBURG, S. C. (AP)—Terms of a million dollar divorce settlement were made public yesterday.

Eligio Del Guercio Jr., 26-year-old multi-millionaire who owns Fairview Farms Inc., divorced his wife on grounds of desertion.

Driver Killed At Shadeville

Howard Carter, 51, Lexington, Ky., was killed in a two-car collision at Routes 23 and 665 in Shadeville at 6:15 a. m. today.

State Highway Patrolmen said a daughter, Nancy Carter, about 21, suffered a fractured right leg and cuts and bruises. She was rushed to Mercy Hospital, Columbus.

Thomas B. Smith, Jr., Columbus, was the driver of the second car. He suffered cuts and a back injury.

No End Sighted In Paper Strike

COLUMBUS, Ohio (AP)—Federal Mediator George H. Bell says the mediation service probably will ask management and union officials to resume joint negotiations sometime next week in an effort to end a pressmen's strike against this city's three daily newspapers.

The Columbus Dispatch and Citizen, afternoon papers, and the Ohio State Journal, a morning paper, have not printed since the Columbus Web Pressmen's Union, Local 15, struck the three dailies Thursday night in a contract dispute.

Negotiations broke off Wednesday.

Bell conferred individually with the publishers' committee and the union Friday. He issued a statement which gave no indication of an immediate end to the walkout.

Van Wert Man, 40, Handed Prison Term

TOLEDO, Ohio (AP)—Forty-year-old Henry Smitley Jr. of 1053 N. Pratt St., Van Wert, was sentenced to two years in a federal penitentiary Friday for stealing, forging and cashing a \$27 treasury check. Smitley pleaded guilty before U. S. District Judge Frank L. Kloeb.

C&SO Electric Co. Facing Walkout

COLUMBUS, Ohio (AP)—A strike will be called at midnight tonight against the Columbus & Southern Ohio Electric Co. "unless somebody comes up with something new" in a contract for 1,300 workers, a union representative has warned.

A spokesman for the International Brotherhood of Electrical Workers issued that statement after contract negotiations broke off Friday night between the union and the power firm.

The talks are stalemated on the union's demand for a 10-cent hourly pay increase for linemen.

The company serves customers in 23 central and southern Ohio counties. It said it plans to have supervisory personnel fill in if the strike materializes.

Butler County Relief Costs Climb in 1958

HAMILTON, Ohio (AP)—Butler County welfare officials reported Friday department expenses in 1958 were \$1,540,709 or \$340,880 over the previous year. Warren Harding, department director, said the department started 1958 with 915 assistance cases, and "by the close of the year there were 1,156 assistance cases."

Actress Waltzes Out of Stage Play

LOUISVILLE, Ky. (AP)—A temperamental actress walked out on play rehearsals here. But the director says they'll just go on without her if she doesn't come back by Wednesday's opening.

The actress is Flip, a fluffy gray cat with topaz eyes. "She's in two vital scenes with the leading actor and we can't cut them out," Director Norman Morton said.

"She just holds still and listens but there aren't many cats that will do that."

What if Flip doesn't show up? The show—"Visitor to a Small Planet"—will go on, "even if we have to use a teddy bear in the part," Morton said.

talks which have been unproductive thus far.

A final meeting between the two leaders is scheduled in the Kremlin Monday with a communique to follow.

Macmillan flew to Leningrad today for a visit there before returning to Moscow.

The British Prime Minister was faintly praised and roundly criticized in Mikoyan's Rostov-on-Don speech.

Mikoyan said the initial impression from Macmillan's visit was that the British leader was "probing for mutually acceptable solutions to important problems." He said Macmillan "displayed initiative by advancing several proposals on trade and cultural exchange."

"Later, when the talks turned to the peace treaty with Germany and the Berlin question, the Prime Minister had assumed a tough line, possibly weighed down by his Allied commitments."

Bandits Pull '59 Version of Stage Holdup

RUTHERFORD, N.J. (AP)—Two bandits pulled an Eastern version of the old Wild West stagecoach holdup Friday. They collected \$655 at gunpoint from 62 people on a commuter bus from New York.

The pair posed as passengers. When the bus emerged from the Lincoln Tunnel under the Hudson River, one of them sitting at the front told bus driver Julius Nagy: "There's going to be a holdup."

As the bus rolled along on Rt. 3, the other bandit moved from the rear with a brown duffle bag, taking up the collection among the passengers, some of them standing in the aisle.

"He skipped some of the people in the excitement, I guess because of the standees," Nagy said.

None of the riders spoke. None moved, except to reach for wallet or purse. It was over in 10 minutes.

The men alighted at Wheaton Ave. here and strolled leisurely away as the bus disappeared.

There were no service stations handy where Nagy could phone police, so he drove the bus to the De Camp Bus Co. garage in Clifton, two miles away.

Dem Powwow in Los Angeles To Tag Brown as Kingmaker

WASHINGTON (AP)—The Democratic party's decision to hold its 1960 convention in Los Angeles appeared likely to move California's Gov. Edmund G. Brown into a kingmaker role in the presidential nominating contest.

The committee voted 71-35 Friday to hold its nominating convention in Los Angeles. Chicago and Philadelphia members fought this decision in an acrimonious five-hour session of the group but lost by votes ranging from 68-37 to 67-39.

Brown will get an early chance to display himself to the convention delegates in a welcoming speech. It was with just such a speech that Adlai E. Stevenson brought the house down in the 1952 Chicago convention that later nominated him for president.

Probably nobody in California thinks that Brown is a serious candidate. But as a favorite son he can control California's pow-

erful convention vote on the first ballot. After that he can attempt to throw the state's important delegation behind another candidate.

With the convention site settled, the Democrats turn their attention to a \$100-a-plate victory dinner here tonight. Two Texans, Senate Democratic Leader Lyndon Johnson and House Speaker Sam Rayburn, will be the main speakers.

Camille F. Gravel Jr. of Louisiana, who headed the site subcommittee, said the party would get about \$750,000 in benefits from Los Angeles.

The convention will open July 11, 1960, in the Los Angeles Arena which is now 80 per cent complete. The air-conditioned arena will seat 22,400.

Plans call for seating the 3,500 delegates on the main floor with spectators and the press on the two tiers of seats rising around it.

Today's News in Brief

By THE ASSOCIATED PRESS
Spotty rainfall and a snow belt, continuing reminders of a topsyturvy winter season, dampened the whiff of spring-like weather over much of the nation today.

Fair, mild climes hugged broad areas with the mercury soaring into the 40s and 50s in the North. Another day of sunshine also was the outlook in the South, triggering 60 to 80 degree readings. But a disturbance over the Great Lakes loosed snowfall and freezing rain at some points.

HAVANA (AP)—Police rushing to the Cojimar district on a report that Prime Minister Fidel Castro's house was sprayed with bullets said today an investigation showed the shooting was five miles away.

Police Lt. Jesus Castiel said what happened was this: "Five miles from where Dr. Castro lives two shots were heard. At the place of shooting the person who fired the shots was not found. It appeared that the person did not have permission (to carry a gun) and fired for the purpose of frightening some thieves who were pushing against a door."

CINCINNATI (AP)—Thomas Reid, 80, was found beaten to death in his home here today. Police said they are questioning a woman and two men but did not disclose their connection with the case.

Officers said Reid apparently had been beaten with a shotgun. The broken gun was found alongside his body.

NEW YORK (AP)—A federal mediator announced today that a threatened strike Monday by 8,000 employees of Pan American World Airways has been averted.

SPARTANBURG, S. C. (AP)—Terms of a million dollar divorce settlement were made public today.

Eligio Del Guercio Jr., 26-year-old multi-millionaire who owns Fairview Farms Inc., divorced his wife on grounds of desertion.

Circleville School System Gets \$58,984

The Circleville School system today received \$58,984.19 in Ohio State school foundation moneys distributed by the State Auditor's office.

The Pickaway County school district and county board received \$45,268.90. Nearly \$48 million was distributed to all Ohio school programs.

This marks a new high in the amount of money that the state provides quarterly under its school subsidy program.
The biggest portion, \$35,538,280.19, is earmarked for school districts. Of this amount local school districts under the county system will receive \$17,175,432.13; city school districts, \$15,338,107.23, and exempted village school districts, \$3,024,740.83.

THIS QUARTER retirement systems will have received in excess of \$10 1-3 million. This includes \$8,604,140.50 for the teachers' retirement program and \$1,747,694 for the retirement program that pertains to other school employees. A large portion of the retirement checks were mailed last month by Auditor Rhodes.

County boards of education are to receive \$1,945,452.58. The county boards also receive the checks which they distribute to the local school district which are under their jurisdiction.

The Cleveland Board of Education will receive the largest amount for a single district. Its share is \$1,407,582.82. Cincinnati is second with \$920,978.49 while Columbus is a close third with \$906,790.90.

Traffic Toll Shows Climb In January

CHICAGO (AP)—Last month's toll of highway accident fatalities in the United States was 2,875, the National Safety Council said today—110 more than in January a year ago.

The 4 per cent increase interrupted a general downtrend in traffic deaths during the last two years which the council said saved more than 2,600 lives.

January traffic accidents this year caused about 100,000 disabling injuries, the council estimated. January was the third month in the last 26 when the total of traffic deaths reported was more than in the corresponding month a year earlier. It was up 4 per cent in August 1957 and 3 per cent in October 1958.

The council suggested complacency of motorists was partly responsible for last month's increase.

Despite a 2 per cent increase of deaths reported from 671 cities of more than 10,000 population, 506 of the cities had no traffic deaths in January.

The three leading cities in each population group, ranked according to the lowest number of deaths per 10,000 registered vehicles included:

750,000 - 1,000,000 - Cleveland 2.8
200,000—Toledo, Ohio, 0.

Agreement Hinted In Bell Phone Talks

CLEVELAND (AP)—The present contract between Ohio Bell Telephone Co. and the Communications Workers of America expires at midnight tonight. However, company negotiators are optimistic that a new agreement will be reached.

So far, there has been no indication of a strike.

After a meeting Friday, company representatives said they were "making progress" on a new contract covering 17,000 Ohio Bell employees. Negotiations, began about a month ago.

Contract demands have not been announced.

Mute's Sign Language Tells of Infidelity

ALBANY, N.Y. (AP)—Beatrice Carpenter, a deaf-mute, used sign language to tell a judge her husband was unfaithful. She won a divorce.

Mrs. Carpenter accused her husband, Alonzo Sr., also a deaf-mute, of adultery, the only ground for divorce in New York. Her tale of marital infidelity was interpreted by her son, Alonzo Jr.

The couple was married in 1931. None of their three children is deaf-mutes.

Ohio Market Hog Price Averages 25c Lower

COLUMBUS, Ohio (AP)—Market hog prices averaged 25 cents lower than last week at \$15.20 per 100 pounds, reports the Ohio Department of Agriculture Bureau of Markets.

Receipts at 85 interior Ohio yards were 62,530 for the week, seven per cent more than last week.

The low of \$15.00 per 100 pounds for No. 2 hogs reached Wednesday was the lowest Ohio hogs have been since November, 1956.

Prom Booked May 1 or 8? 8th Is Right

There is nothing like confusion compounded.

Earlier this week, The Herald carried a news story which reported that the annual All-County Prom, sponsored by the Circleville Elks Lodge, would be held May 8.

Friday, The Herald advised that it had been given the wrong information and that the gala dance is supposed to be held May 1.

Then today a double check showed that the original story was correct—the All-County Prom will be held May 8. Calendars of both the Pickaway County school system and Circleville High School carry the May 8 notation.

The affair is sponsored by the local lodge for all juniors and seniors of all high schools in the county and is considered the highlight of the school social calendar. Many of the rural high schools schedule their annual senior banquets to coincide with this event, going to the dance after the feast.

May 8 also is the date of Circleville High School Junior-Senior Prom, but many CHS students arrange to attend both formal dances during the course of the evening.

Report From The State House

Rep. Ed Wallace

This week the Ohio House of Representatives entered its busiest week in preparation for the March 5 deadline on the introduction of bills.

The House Democratic Policy Committee meeting was held Monday afternoon in the office of House Speaker James A. Lantz, (D., Fairfield) and Representative George Hook (D., Georgetown).

It opened the session's debate on the subject of financing new highway construction over the next two years.

Hook, chairman of the House Highways Committee, said that in his opinion a 2 cent increase in Ohio gasoline and diesel fuel taxes will be necessary in order to finance a \$300 million a year highway program.

I AM OPPOSED to the above suggestion, as the automobile to my opinion is being taxed to the limit now.

During the otherwise serious and busy work week, State Representative Martin Galvin, (D., Toledo) found time enough to give some attention to those harried fathers who, on Christmas eve, find themselves overwhelmed with the task of having to assemble toys they believed were already for placement under the Christmas tree.

Galvin's bill will require retailers and manufacturers to label toy packages with markers indicating whether or not the toy is assembled or unassembled. Galvin said that "The Father who wants to play Santa Claus on Christmas Eve has too much to do without having to worry about how to build toys."

Among other major events of the week, Gov. Michael V. DiSalle presented his eighth message to the Ohio House. The Governor's report dealt with the subject of unethical and unfair labor practices and recommended legislation, which will shortly be introduced, requiring that all labor unions be chartered with the Ohio Secretary of State.

In addition, the proposed legislation will impose prison terms of from five to 20 years for union officials who are guilty of fleecing

union or welfare funds for their own personal use.

The bill also requires ousting from office union officials who advocate a violent overthrow of the government, and generally seeks to prevent any kind of violence in the field of labor activity by providing that both employers and employees can be either fined or jailed for resorting to violence in strikes and labor disputes.

THIS BILL WILL also outlaw most other forms of abuse which have recently come to light as a result of investigations in high places of labor officialdom. In my opinion this is the best message that we have received so far from Gov. DiSalle.

Among several bills passed this week in the Ohio House, representatives decided to give permanent permission to state taxing authorities, other than school districts, to submit to the voters within such districts the question of whether tax can be obtained outside the 10-mill limitation.

The taxes in question will be for the purpose of providing for relief, welfare, hospitalization, health, and support of general and tuberculosis hospitals when existing levies prove insufficient to meet these obligations.

The House also passed a bill enabling local boards of education to pay teachers their regular salary during a period of absence from school in which they serve as jurors.

Present law exempts teachers from jury service, but legislators hoped that more teachers will fulfill this responsible obligation if the result of doing so is not the loss of wages.

Prom Booked May 1 or 8? 8th Is Right

There is nothing like confusion compounded.

Earlier this week, The Herald carried a news story which reported that the annual All-County Prom, sponsored by the Circleville Elks Lodge, would be held May 8.

Friday, The Herald was advised that it had been given the wrong information and that the gala dance is supposed to be held May 1.

Then today a double check showed that the original story was correct—the All-County Prom will be held May 8. Calendars of both the Pickaway County school system and Circleville High School carry the May 8 notation.

The affair is sponsored by the local lodge for all juniors and seniors of all high schools in the county and is considered the highlight of the school social calendar. Many of the rural high schools schedule their annual senior banquets to coincide with this event, going to the dance after the feast.

May 8 also is the date of Circleville High School Junior-Senior Prom, but many CHS students arrange to attend both formal dances during the course of the evening.

Report From The State House

Rep. Ed Wallace

This week the Ohio House of Representatives entered its busiest week in preparation for the March 5 deadline on the introduction of bills.

The House Democratic Policy Committee meeting was held Monday afternoon in the office of House Speaker James A. Lantz, (D., Fairfield) and Representative George Hook (D., Georgetown).

It opened the session's debate on the subject of financing new highway construction over the next two years.

Hook, chairman of the House Highways Committee, said that in his opinion a 2 cent increase in Ohio gasoline and diesel fuel taxes will be necessary in order to finance a \$300 million a year highway program.

I AM OPPOSED to the above suggestion, as the automobile to my opinion is being taxed to the limit now.

During the otherwise serious and busy work week, State Representative Martin Galvin, (D., Toledo) found time enough to give some attention to those harried fathers who, on Christmas eve, find themselves overwhelmed with the task of having to assemble toys they believed were already for placement under the Christmas tree.

Galvin's bill will require retailers and manufacturers to label toy packages with markers indicating whether or not the toy is assembled or unassembled. Galvin said that "the Father who wants to play Santa Claus on Christmas Eve has too much to do without having to worry about how to build toys."

Among other major events of the week, Gov. Michael V. DiSalle presented his eighth message to the Ohio House. The Governor's report dealt with the subject of unethical and unfair labor practices and recommended legislation, which will shortly be introduced, requiring that all labor unions be chartered with the Ohio Secretary of State.

In addition, the proposed legislation will impose prison terms of from five to 20 years for union officials who are guilty of fleeing.

"History Verdicts" Topic For St. Philip's Sunday

There will be two celebrations of the Holy Communion at St. Philip's this Sunday, the first at 8 a. m. and the second at 10 a. m. The Rev. William G. Huber will officiate at both services. He has chosen for his sermon topic in the 10 a. m. service, "History Verdicts on Christ's Claims."

Children of the Church School will attend the 10 a. m. service up to the Sermon, at which time they will go to the Parish House for their classes. All confirmed young people, however, will remain in the service to receive Holy Communion. Nursery age children will attend their class at 10 a. m.

Hymns to be sung at the service include: "Lead Us, Heavenly Father," "Lord, Who Throughout These Forty Days," and "Now, My Tongue, the Mystery Telling." The Junior Choir, under the direction of Jack O'Donnell will sing.

There will be no coffee hour following the 10 a. m. Service of Holy Communion.

First EUB

"A Minimum of The Choicest" has been chosen by the Rev. O. F. Gibbs for his sermon subject to be delivered Sunday morning in First Evangelical United Brethren Church. The service begins at 9:30 a. m.

The Fidelis Chorus, directed by Miss Lucille Kirkwood, will sing, "I Found Him in My Heart" by Wilson. Mrs. Verneal Thomas, organist, announces the following numbers: Prelude, "Preludio Religioso" by Beethoven; offertory, "Lament," a Negro Spiritual and Postlude, "Magnus Dominus Est" by MacDonald.

Hymns to be sung by the congregation include, "Since Jesus Came into My Heart," "Whiter than Snow," and "I am Thine, O Lord." Edwin Richardson will assist the pastor in the worship service.

Sunday School in the children's department will convene in the service center at 9:30 a. m. with Mrs. Robert Dumm in charge. Church School in the youth and adult departments will meet following the worship service. The Boy's and Girl's Fellowship will meet in the Service Center at 10:35 a. m.

The pastor's catechism class will meet in the service center (upstairs) at 10:35 a. m. Nursery care is provided for children up to four years old during the Sunday School and Worship Service.

Trinity Lutheran

In Trinity Lutheran Church this Sunday, Holy Communion will be celebrated at both the 8:30 and 10:45 a. m. services.

Intern John Dietrich will present the sermon, "Good Enough for God" based on Romans 7:14-25.

The Youth Choir will lead the singing under the direction of Clifford Kerns at the early service. At the late service, the Adult Choir, under the direction of Carl C. Leist will lead the singing.

Mrs. Karl Herrmann will preside at the organ at both services.

Sunday School will follow the early service at 9:30 a. m. with classes for all age groups.

Services will be held in Christ Church, Lick Run at 2 p. m.

The Nursery will be open during the late service.

Presbyterian

Lenten services continue at the Presbyterian Church, the Rev. Donald Mitchell preaching on the theme: "A Lenten Scrutiny of Our Sins." The next (third) message in the series will be, "The Divine Image."

An ordained elder of the Church will read the Scripture lesson from the letter of St. Paul to the Ephesians, chapter 4.

No man can escape the pressure that is coming more and more to bear down upon us in this modern race for a particular set of human standards and ideals. We are being driven to a choice between two courses; one way lies madness; this is the old way in which we have been drifting first from one set of morals then another, never quite coming to a willingness to take a definite stand one way or the other.

The better way is that which we see as we look upon the Divine Image, as we seek the ideals and standards He represents and apply these with firm and effective and devout determination, to all problems both personal and social and national.

Lenten hymns in this worship service will include "When I Survey the Wondrous Cross," "Lord, Turn Not Away Thy Face," "Praise Ye the Lord." Mrs. Theodore L. Huston will present sacred organ music for the Church using Massenet's "Meditation," the Guilman "Pastorale," and "Postlude in G Major" by Handel.

Mrs. Clark Will, director of music, will direct the choir which will sing the anthem: "God Shall Wipe Away All Tears" by Field.

Calvary E.U.B.

"Concern For the Body" will be the theme for the Sunday morning Worship Service at Calvary Evangelical United Brethren Church. This is the third in a series of sermons to be presented by the Rev. H. Dale Rough, which are based upon the Lord's Prayer.

Hymns selected are: "Fairest Lord Jesus," "My Hope Is Built" and "Saviour, Thy Dying Love."

Miss Mary Ann Saunders will begin her duties as organist at this service.

The Sunday School Classes for youth and adults will meet following the Worship Service. Earl Milllions is the Superintendent.

The Children's department will meet in the annex from 9-10:45 a. m. for their Sunday School Class period and for their worship. Mrs. W. C. Shasteen is the Children's director.

The Youth Fellowship will meet at 6:30 p. m. The Membership Class will meet at 6:30 p. m.

Evening Worship service will begin at 7:30 o'clock. The sermon topic will be "The Way of the Merciful."

First Baptist

Sunday School will begin at the Circleville First Baptist Church at 9:30 a. m. under the leadership of Wayne Koonce, superintendent. Classes are provided for all age groups. The morning worship begins at 10:30 a. m. The Rev. Paul White will deliver the morning message.

Bow and Arrow Helps Restore Phone Service

TOWNSEND, Mont. (AP)—Telephone service was restored across the Missouri River today—by bow and arrow.

A light plane, flying along the river, snapped the Mountain States Telephone & Telegraph Co. rural line. The plane apparently was not damaged.

Repairman Ken O'Dell, using a 50-pound bow and an arrow tied to a nylon fishing line, spanned the river with one shot. It is 300 feet wide at that point. Heavy twine was tied to the line and pulled across. Then a hemp rope and finally the heavy wire.

Planet Venus Probe Scheduled for June

WASHINGTON (AP)—Two U.S. space probes may be rocketed aloft next June in an attempt to solve some of the mysteries of the planet Venus.

One probe, launched by an Atlas-Able rocket, would be designed to orbit Venus. The other, sent aloft by a Thor-Able launching vehicle, would be designed to go past Mars and possibly into a solar orbit.

There have been predictions, too, that the Soviet Union would attempt Venus probes in June.

Affiliations Slated For 23 State Boards

COLUMBUS, Ohio (AP)—Twenty-three state boards and commissions, presently unaffiliated with any state department, would find a home under legislation being drawn up at the request of Gov. Michael V. DiSalle. These agencies would come under various state departments under the proposal, such as putting the Racing Commission in the Commerce Department. The governor would still appoint the commission and board members.

Fishhooks made of nickel alloys do not rust even in salt water.

Chicago Mayor's Job Due To Pay \$35,000

CHICAGO (AP)—Chicago's next mayor, to be elected in April, will be paid \$35,000 a year, an increase of \$10,000 now being paid Mayor Richard J. Daley.

The City Council voted to pay day but it cannot become effective until the mayoral inauguration use by a 43 to 0 vote Thursday. The City Council voted the pay tion in mid-April.

Daley, who led the Republican candidate, Timothy Sheehan, more than 6 to 1 in Tuesday's primary, is heavily favored to win a second four-year term. Daley's predecessor, Martin H. Kennelly, was paid \$18,000 a year.

BUILT ON SAND?

Is this lighthouse built on sand? Seemingly so! All you can see at its base is sand. Actually this towering structure is built on rock. Underneath these dunes of sand is a rocky ledge, firm and enduring. The sand may be carried away by sea or wind, but this lighthouse will stand secure. There's a rock, a firm foundation, underneath!

Some people look at the Church and see only sand. They see the shifting sands—of custom—and fashion—and passing personalities pile up and wash away around the Church. "Why is it still standing?" they ask—for they see only sand.

The Church would have fallen long ago were it built on anything so fickle as fashion, so casual as custom, so impermanent as mere people. The Church is built on rock, firm and enduring. It will stand secure for all ages, shedding light and imparting strength to all who are guided by it. It stands on the "Rock of Ages," the divine personality of Jesus Christ and His message of hope for all mankind.

No man can escape the pressure that is coming more and more to bear down upon us in this modern race for a particular set of human standards and ideals. We are being driven to a choice between two courses; one way lies madness; this is the old way in which we have been drifting first from one set of morals then another, never quite coming to a willingness to take a definite stand one way or another.

The better way is that which we see as we look upon the Divine Image, accept the ideals and standards He represents and apply these with firm and effective and devout determination, to all problems both personal and social and national.

Lenten hymns in this worship service will include "When I Survey the Wondrous Cross," "Lord, Turn Not Away Thy Face," "Praise Ye the Lord." Mrs. Theodore L. Huston will present sacred organ music for the Church using Massenet's "Meditation," the Guilman "Pastorale," and "Postlude in 'G' Major" by Handel.

Mrs. Clark Will, director of music, will direct the choir which will sing the anthem: "God Shall Wipe Away All Tears" by Field.

Calvary E.U.B.

"Concern For the Body" will be the theme for the Sunday morning Worship Service at Calvary Evangelical United Brethren Church. This is the third in a series of sermons to be presented by the Rev. H. Dale Rough, which are based upon the Lord's Prayer.

Hymns selected are: "Fairest Lord Jesus," "My Hope Is Built" and "Saviour, Thy Dying Love." Miss Mary Ann Saunders will begin her duties as organist at this service.

The Sunday School Classes for youth and adults will meet following the Worship Service. Earl Millions is the Superintendent.

The Children's department will meet in the annex from 9:10-9:45 a. m. for their Sunday School Class period and for their worship. Mrs. W. C. Shasteen is the Children's director.

The Youth Fellowship will meet at 6:30 p. m. The Membership Class will meet at 6:30 p. m.

Evening Worship service will begin at 7:30 o'clock. The sermon topic will be "The Way of the Merciful."

Bow and Arrow Helps Restore Phone Service

TOWNSEND, Mont. (AP)—Telephone service was restored across the Missouri River today—by bow and arrow.

A light plane, flying along the river, snapped the Mountain States Telephone & Telegraph Co. rural line. The plane apparently was not damaged.

Repairman Ken O'Dell, using a 50-pound bow and an arrow tied to a nylon fishing line, spanned the river with one shot. It is 300 feet wide at that point. Heavy twine was tied to the line and pulled across. Then a hemp rope and finally the heavy wire.

Planet Venus Probe Scheduled for June

WASHINGTON (AP)—Two U.S. space probes may be rocketed aloft next June in an attempt to solve some of the mysteries of the planet Venus.

One probe, launched by an Atlas-Able rocket, would be designed to orbit Venus. The other, sent aloft by a Thor-Able launching vehicle, would be designed to go past Mars and possibly into a solar orbit.

There have been predictions, too, that the Soviet Union would attempt Venus probes in June.

Affiliations Slated For 23 State Boards

COLUMBUS, Ohio (AP)—Twenty-three state boards and commissions, presently unaffiliated with any state department, would find a home under legislation being drawn up at the request of Gov. Michael V. DiSalle. These agencies would come under various state departments under the proposal, such as putting the Racing Commission in the Commerce Department. The governor would still appoint the commission and board members.

Chicago Mayor's Job Due To Pay \$35,000

CHICAGO (AP)—Chicago's next mayor, to be elected in April, will be paid \$35,000 a year, an increase of \$10,000 now being paid Mayor Richard J. Daley.

The City Council voted to pay day but it cannot become effective until the mayoral inauguration increase by a 43 to 9 vote Thursday.

The City Council voted the pay tation in mid-April. Daley, who led the Republican candidate, Timothy Sheehan, more than 6 to 1 in Tuesday's primary, is heavily favored to win a second four-year term. Daley's predecessor, Martin H. Kennelly, was paid \$18,000 a year.

BUILT ON SAND?

Is this lighthouse built on sand? Seemingly so! All you can see at its base is sand.

Actually this towering structure is built on rock. Underneath these dunes of sand is a rocky ledge, firm and enduring. The sand may be carried away by sea or wind, but this lighthouse will stand secure. There's a rock, a firm foundation, underneath!

Some people look at the Church and see only sand. They see the shifting sands—of custom—and fashion—and passing personalities pile up and wash away around the Church. "Why is it still standing?" they ask—for they see only sand.

The Church would have fallen long ago were it built on anything so fickle as fashion, so casual as custom, so impermanent as mere people. The Church is built on rock, firm and enduring. It will stand secure for all ages, shedding light and imparting strength to all who are guided by it. It stands on the "Rock of Ages," the divine personality of Jesus Christ and His message of hope for all mankind.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Danger of Sabotage

Five top Pentagon counter-intelligence and security officers, more than a year ago, reported to responsible congressional agencies that there are 2,000 identified potential saboteurs working in classified plants that manufacture parts and assemble sections of the missiles which will be indispensable if the U. S. is attacked.

Rockets and other missiles of the modern type contain extremely complex mazes of electric wires and other parts where a deliberately weakened connection would produce failure. Miles and miles of wires are used, to say nothing of a multitude of gadgets which would baffle a layman.

Damage to such vital parts of the mechanism might not be detected even by skilled inspectors if the saboteurs were likewise expert. The missile — and the nation it is designed to protect — is dependent upon the unquestioned loyalty of critical workers, under an extremely rigid system of screening.

On January 29, Congressman Gordon Scheier of Ohio introduced a resolution designed to produce such protection. It is desirable to review previous history in this

connection. The Pentagon report was made October 7, 1957, and a bill was introduced. But it was shunted to one side and never passed.

Some suitable committee of Congress ought to make an investigation, not merely concerning the technical industrial area which such a bill would cover, but of the congressional elements which managed to sidetrack the original measure. Exact responsibility should be fixed.

The largest missiles cost \$35 million each. There have been many failures. Some may have been excusable, but a trifling but deliberate maladjustment in an electrical connection could have caused the failure in some cases. This is a lot of money to waste in a single blast-off. But far worse is the peril to which the nation may be exposed.

The World Today

By James Marlow

WASHINGTON (AP) — Many a man has looked at the national debt — big as a mountain in dollar bills — and asked himself: "How can we cut it down to pebble size?"

The latest to look and be appalled is Rep. James C. Wright Jr., 36, a Texas Democrat. He has an idea which might take 100 years to work out. But he thinks it's better than just sitting and looking.

Although Wright stuck a needle in the national conscience, and one House member after another came to applaud him, nothing is likely to come of the idea except that it may be enshrined in a place set aside for noble thoughts.

The national debt now is 285 billion dollars. This year the government will have to pay \$8,100,000,000 in interest on it, without knocking of a dime on the principal.

Wright, like others, hates to think of that going on indefinitely. He told the House that with interest rates going up, the government soon will probably be paying \$9,800,000,000 a year in interest, if we just assume the total debt remains unchanged and does not get even higher than it is now.

So Wright said: "This means

that if things go along exactly as they have been going, without any more increases in the national debt and without still another jump in the interest rates, in 29 years we shall have paid the total amount of the debt and still owe every penny of it."

Wright suggests Congress tell the Treasury Department to set aside each year one per cent of the present national debt of 285 billion — or \$2,850,000,000 a year — to pay off the principal.

This, Wright figures, would be cutting down not only on the size of the debt each year but on the interest, too.

Using a 285 billion dollar debt figure, which is now the permanent debt ceiling — the temporary ceiling until July 1 is higher than that — Wright told the House: "In 100 years we could completely retire the debt by paying 495 billion in interest and 285 billion in principal, or a total of 778 billion."

"But if we pay nothing on the debt itself, the interest alone for 100 years will be 980 billion, and we will still owe the debt of 285 billion, or a total of 1,263 trillion."

The only trouble with the idea — if it was going to work on schedule — is that for 100 years

the government would have to balance its budget and not go further into debt.

But it hasn't been doing that. The budget, or cost of running the government, has been going up. While this year President Eisenhower is making a try at budget-balancing, the chances are he won't make it.

His budget this year called for spending 77 billion and he estimated the government would take in through taxes and other revenue \$77,100,000,000, or \$100,000,000 more coming in than going out. But even those estimates included higher postal rates and gasoline taxes, and some other changes Congress isn't likely to make.

For Wright's idea to work — that is, for the government to spend every year around \$2,850,000,000 on paying off on the debt — the government would have to be taking in more than it spent.

How could it do that? In only one of two ways: either by reducing spending or getting more income or revenue, which would mean raising taxes. But government spending seems pretty sure to be going up, not down. And new taxes aren't popular.

Education Is Big Business

By George Sokolsky

The enrollment in the public schools of the United States for 1958-59 is 34,641,627 which is a large population for any purpose. To teach the children 1,385,940 teachers will be employed, some of whom will be adequately educated for the job; others of whom will be employed without regard to education and training.

The average salaries will be low, about \$4,935 a year, which is less than the average for a truck driver. The cost of maintaining this system will be about \$14,000,000,000, all paid out of taxes. (Ignore the hours of work as specious.)

This is an enormous operation and requires expert handling both on the educational and business side. Usually the educational control is delegated to a superintendent of schools who is assisted by district superintendents. These men are generally trained in school administration and may or may not be inspired persons.

The school boards are either elected or appointed, are generally political and sometimes are of real service, but often involve themselves in the perquisites of building sites, building contracts, various forms of insurance and all sorts of other unnecessary increases in costs to the public.

The school board or board of education as it is sometimes called, is a valuable institution when it represents a parents' and taxpayers' control over the pedantry and dogmatism of the educator and when it stands between the public and grafting officials who regard schools as another source of private revenue. When the school board fails to do that, it becomes not only useless but another municipal waste.

The number of school boards has been decreasing in the United States and where they disappear, policy is fixed by the hired help, the superintendents and their assistants of whom in the 1958-59 period there will be 13,429 in the United States. All superintendents are profession-

als who are usually expected to hold college degrees up to the Ph. D. Each school is headed by a principal, who is expected to have been trained in school administration. These persons are, of course, not of uniform ability or dedication.

Unfortunately, because the pay is low, teachers are hard to get and hard to keep. This leads to the employment of substitutes and temporary teachers who are not expected to be adequately educated and trained. Wherever it is permitted for "emergency teachers" to do the work of trained teachers, the children are bound to suffer. In some areas, a housewife or an ex-teacher who has not done this work for years, may be employed as an "emergency teacher."

Teachers with M.A.'s or Ph.D.'s prefer college and high school jobs to elementary school teaching. Naturally the pay is better and the children perhaps more challenging. But socially, the most important school years are the first elementary school years, say through grades 1 to 4, during which the child must learn to love school and love books and, for that matter, respect teachers.

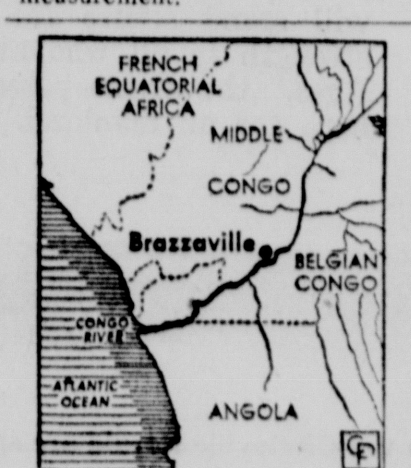

As respect for the teacher, from grade one to the senior year of college, is an important concomitant of education, this psychological factor may not be disregarded. Teachers, then, to whom a job is a job and teaching a tiresome and lonesome one, can do great and lasting harm to the children whom they teach.

Teaching is an art and many who become teachers do not possess natural aptitude for it. As most teachers now are women, many leave to get married and to have babies. Some of them will return later when their children are grown, but unless they take additional training, many will find that they have lost the knack and that the smart kid in

the back row will become a menace to them and to the class.

Unfortunately, top graduates of colleges, both male and female, are so desired by private industry and even by government bureaus, that they do not consider teaching at all. A beginner in many engineering and scientific fields can start at \$10,000 a year in private industry. Such a person usually does not go in for teaching, except in colleges and universities where his reputation as a consultant will be enhanced.

The problem that is faced then is to make teaching jobs more attractive and to cut all graft out of school systems so that there is more money for teachers. A school system that turns out graduates who cannot calculate and cannot write their mother tongue is a failure by any measurement.

MARTIAL LAW—In an effort to curb savage rioting that killed at least 54 Negroes and injured about 100 in a week, French-led troops and police clamped virtual martial law on Brazzaville, Congo. About 5,000 riflemen are enforcing a dusk-to-dawn curfew. M'Bochi and Bala tribesmen living in squalid shantytowns fringing the tropical capital have been trying to exterminate each other in a jungle equivalent of a political campaign. (Central Press)

Try and Stop Me

By BENNETT CERF

THERE'S A NEW BOOK out called "The Rapid Fact Finder," and it's just the thing for contestants on a quiz (beg pardon, information) program. Can you tell offhand, for instance, how

many waterfalls are higher than Niagara and which one is the world's highest? Well, there are 56! The highest is Angel Falls in Venezuela—a staggering 3,300 feet. Niagara is only 167 feet!

Question two: What cities are called (A) The City of Lilies; (B) Cream City; and (C) The City of Bells? Answer: Florence, Milwaukee, Strasbourg.

Finally, what do these all have in common? Steinberger, Triffenheimer, Wiltiger, Scharzhofberg and Markobrunn? Answer: They all are names of German dry wines. Class dismissed!

Charged with plagiarism recently, a distinguished Hollywood reporter replied indignantly, "Everything a man makes up can't possibly be original."

Review of Newest Drugs

By Herman N. Bundesen, M.D.

So many new drugs are being placed on the market these days that it is extremely difficult for doctors to keep track of them.

Here are just a few:

TAO-AC capsules combine an antibiotic, analgesic and antihistamine into a single compound for the treatment of symptoms of the common cold and other respiratory infections. It also offers protection against secondary complications.

Taken orally, it is rapidly absorbed into the bloodstream.

Another new antibiotic is Ilosone, which is used for combating many circulatory, broncho-pulmonary, genito-urinary, oral, venereal and upper respiratory infections.

It is also often used for abscesses, burn infections, wound infections and other infections of the skin and soft tissues.

It is readily absorbed and reportedly is free from most side effects.

Diabinese is a new compound effective in reducing blood sugars in diabetics.

Investigators report it is indicated primarily for treatment of the "late onset" type of diabetic. They say it also has been effective in treating some of the difficult-to-manage patients whom doctors very often see.

It comes in tablet form and is taken orally. Some patients need only one dose a day.

It is not a substitute for insulin. When and where it should be used is a matter for the doctor to decide on an individual case basis.

Another new drug is Vagiseac. It

is reported useful in treating a contagious disease called trichomoniasis. This disease infects the vaginal tract causing itching, inflammation and discharge.

While it is more disturbing than serious, it does affect an estimated 20 per cent of our female population.

While not exactly in the field of medicine, the development of a new type behind-the-ear hearing aid was announced recently.

Doctors, of course, are expected by their patients to know all about such devices as well as about all the new drugs.

Keeping up to date is often a difficult job. But your doctor does his best to try.

Question and Answer
R. V. T.: What is the cause of toenails becoming sore and turning black, and gradually falling off?

Answer: This may be due to injury to the nail or to some infection. Your doctor should be consulted.

More Southern Rhodesians Jailed in British Clampdown

SALISBURY, Southern Rhodesia (AP)—A steady stream of native politicians was rushed into confinement behind barbed wire today as the British rulers of Southern Rhodesia pushed a roundup of African nationalist leaders.

Despite the proclamation of a state of emergency in Southern Rhodesia and the banning of the African National party, both that territory and neighboring Nyasaland and Northern Rhodesia were reported quiet.

The detention camp hurriedly set up at Bulawayo, 230 miles southwest of Salisbury, was rapidly filling. The government pressed a hunt for other leaders of Rhodesia's leading African nationalist organization, blamed for riots last week in Nyasaland.

Pamphlets in local dialects were being distributed, telling Africans the meaning of the state of emergency.

At the big Kariba hydroelectric project, where 6,000 African workers went on strike for higher pay Wednesday, 4,500 were reported back at work. The company raised the pay.

Reports that African nationalists continued to control some outlying airstrips in Nyasaland brought a request for a group of paratroop veterans to recapture the strips. The Africans had blocked the strips.

The previous disturbances and the threat of more trouble brought a 12-fold increase in riot insurance on homes in Nyasaland.

In Salisbury, life went on much as usual. No troops were seen in the streets—and not even many policemen.

But some Africans warned that the arrests of between 250 and 500 African National party leaders in Southern Rhodesia were bound to have a bad effect on the two million blacks in this territory dominated by 176,000 whites.

One of those seized was Daniel Mazimabuto, a coproducer of the film "African Drum Rolls" which drew its usual packed audience here Thursday night. He is director of the African Cultural Syndicate and a nationalist leader.

Salisbury is the capital of both this self-governing territory and the Central African Federation, which also includes the British protectorates of Northern Rhodesia and Nyasaland.

South Rhodesian Premier Sir Edgar Whitehead said he proclaimed the emergency to save the federation—a member of the British Commonwealth—from "extreme nationalism, which

would be fatal." His aim obviously was to round up nationalist leaders.

The agitation, which has been simmering since the British set up the federation six years ago, flared into the open over last weekend with five days of rioting. Three natives were killed and more than 50 injured.

Reports from Nyasaland said the violence had subsided with the arrival there of crack British-led African troops rushed from Salisbury by the Central Federation government.

Contractor To Replace Pier on New Bridge

COLUMBUS, Ohio (AP)—Highway Director Everett S. Preston today ordered a Chicago contractor to replace one defective pier on a new bridge spanning Big Creek at Painesville.

Preston said the pier is honeycombed. His order to repair and replace was directed to Bates & Rogers of Chicago. The bridge is on new Ohio 1, the Cincinnati-Cleveland Freeway.

The director estimated the cost of replacement at \$7,000. It must be borne by the contractor.

Wayward Cows
TUCSON, Ariz. (AP)—Carl Waldt found two cows swimming in his backyard pool. He grabbed them by the ears and led them to the shallow end, where they scrambled out.

Then in splashed a third cow. He took it out too.

Later he learned a gate had been left open at the nearby University of Arizona dairy farm — and the prize Holsteins just sauntered out.

Dinner Meeting Enjoyed by GOP Boosters

Members of GOP Booster Club met in the home of Mrs. Harry Styers, 957 S. Pickaway St., for a Lincoln-Washington dinner Thursday evening.

The meeting opened with the pledge of allegiance led by Jeff Styers, followed by singing of "The Battle Hymn of the Republic."

Miss Lucille Dumm conducted the business hour which was devoted to our two presidents, Mrs. John Steinhauser presented a very interesting article on "Highlights in Washington's Life". Mrs. Charles W. Winner gave an informative talk on "Abraham Lincoln, the Man". She then distributed new Lincoln pennies to each member.

Miss Dumm read the famous "Gettysburg Address" and presented "The Ten Commandments of Patriotism". Mrs. Styers read "The Disappointments in Lincoln's Career". Singing of "America" concluded the program.

Dinner was served at the large dining table decorated for the occasion. Games followed and prizes went to Mrs. Roy Dumm, Mrs. Marion I. Smith, and Mrs. Wayne Stonerock, who also won the door prize.

Mrs. Robert M. Barnes 578 E. Main St. will be hostess for the March 26 meeting.

Foreign Relations Program For BP Women's Club Meet

The Business and Professional Women's Club of Circleville held their regular monthly meeting Thursday night in the Methodist Church Annex.

Mrs. Harold Defenbaugh was in charge of the business meeting. Information was received from the State Nominating Committee advising that Miss Mary Katherine Kennedy had been chosen as a candidate for 2nd Vice President of the State Federation of the Business and Professional Women's Club.

Mrs. Paul Brown reported on the Small Business Clinic to be held at the Deshler-Hilton Hotel, Columbus, on March 14-15. Reservations should be in by March 7th.

The legislation chairman, Mrs. Charles Curlett, reported on two bills that are coming before the House for voting. They were House Bill No. 31, Equal Pay Bill and House Bill No. 245 regarding Nursing Homes and Rest Homes. The local Club went on record as endorsing both of these bills.

The next meeting will be March in the church annex. It will be on National Security with Mrs. Pat

Ogle, Chairman, Mrs. Sophia Smith, Miss Joanne Brink, Miss Mary Katherine Kennedy, Mrs. Cletus Fausnaugh and Miss Nellie Palm in charge.

The International Relations committee was in charge of the program. Mrs. Alfred Gabriel, Chairman, introduced Mrs. Arthur K. Johnson and Mrs. Fred Howell, natives of England, and Mrs. F. C. Tammany of Hungary. Group discussion was held with the three women giving information regarding their native countries. Questions were asked by the members and also by the women to the members of the Club.

Refreshments were served by the three women, food being something they had made in their native lands, and they explained how it was made. Miss Mary Katherine Kennedy presided at the Tea service.

Those assisting Mrs. Gabriel were Mrs. Roy Gosnell, Mrs. Oneida Mebs, Miss Jean Overly, Mrs. Eloise Dunkel and Mrs. Ruth Wignell.

Supreme Court Power Review Being Sought

WASHINGTON (AP)—Sen. Jacob K. Javits (R-NY) proposes that the Supreme Court's review powers be protected by a constitutional amendment.

Introducing a resolution to this effect, Javits said: "A serious controversy is brewing which may again endanger the traditional role of the U.S. Supreme Court as ultimate arbiter on the construction of the Constitution."

Mother of 11 Killed In Cleveland Crash

CLEVELAND (AP)—The mother of 11 children and her mother-in-law were killed here Friday when their car crashed into a tree on a curve. Killed were Mrs. Jean Mooney, 41, of Rocky River, and Mrs. Mary Mooney, 71. The younger Mrs. Mooney, who was driving, apparently lost control of the car, police said. Two of her children, Michael, 5, and Tommy, 3, were pinned in the wreckage, but were not seriously hurt.

Michigan State Near Its First Big 10 Crown

Baby of Conference Needs only To Trip Hoosier '5' Today
By THE ASSOCIATED PRESS
Michigan State, still tottering around in knee pants by conference standards, can win its first undisputed Big Ten basketball championship today along with the coveted spot in the NCAA tournament that goes to the victor.

The Spartans are only in their eighth season of play in the conference. Two seasons ago they finished in a tie for first with Indiana.

It's the same Indiana team that is standing in the way of Michigan State this time. But the Spartans are favored.

If the Spartans had to wait 9 years for their first championship, they need not be concerned. Compared to some of their brothers, they've done all right, indeed.

The conference started a yearly race in 1906. It was 1925 before Ohio State won the crown for the first time outright. It was 1927 for Michigan, 1931 for Northwestern and Indiana didn't come out on top all by itself until 1953.

And just in case Michigan State (9-2) stumbles against Indiana (6-6), the Spartans will be a virtual certainty to win the title Monday when they engage Wisconsin (1-10).

The Southern, Pacific Coast and Yankee conference titles also can be determined tonight. The favorite in the Southern, as usual, is West Virginia, which has won the crown for the past four years.

The Southern Conference winner is decided in a post-season tournament and the Mountaineers go against The Citadel in the final in Richmond. But West Virginia had a tough time turning

Dear Abby...

By Abigail VanBuren

He's Still Scouting, Honey!

DEAR ABBY: I am a very mature girl for my age, which is 13. I am in love with a boy who is 14. We have gone steady for two months, six days and seven hours. He says he loves me but when somebody else is around he acts like he doesn't hardly know me. He gave me his Eagle Scout pin but I had to promise that I would not wear it where anyone could see it. I don't think this is fair because what's the good of going steady if nobody knows it? What do you think I ought to do?

GOING STEADY BUT

NOT GOING STEADY

DEAR GOING BUT: Return his Eagle Scout pin. His behavior is for the birds.

DEAR ABBY: I am the mother of an eight-year-old son and a two-month-old baby girl. My son plays with an eleven-year-old neighbor boy and we are good friends with his parents. The boys were playing on my porch and making a lot of noise so I told them to quiet down as the baby was asleep. The eleven-year-old

boy purposely made more noise than he should have. I told him to get off my porch. He mumbled some dirty filthy language at me under his breath. I told him not to talk to me like that and he said, "Who's going to stop me?" I took my own son inside. That night I telephoned the boy's mother and told her what happened. She said her son had told her everything and I had no right to send him away. I was shocked that she would take that attitude. This is the FIRST and LAST time I ever speak to a parent about their children. Who is in error?

STUNNED

DEAR STUNNED: You were right in informing your neighbor. Most parents appreciate knowing how their children misbehave away from home. Don't desert your principles because of one bad experience.

DEAR ABBY: I have been married for four months to a wonderful person who is a ne-man in every sense of the word. He played college football and there was nothing sissy about him. Now I am finding out that he is very babyish in many ways. He asks me to butter his toast and spread his jam. He even wants me to mash his potatoes (he says his mother did). He throws his clothes around like a six-year-old boy and he keeps his drawers in a mess. Is there anything I can do to make him act more like a man or is it too late? He is 26 and I am 23.

DISAPPOINTED

DEAR DISAPPOINTED: You aren't the first wife who has had to finish raising a Mamma's Boy. He will grow lazier and more helpless if you let him. NOW is the time to insist that he start behaving like an adult.

DEAR ABBY: My husband can't open his mouth without lying. He lies about the least little thing and he expects me to back him up. I have lied so much to keep from making him look like the liar that he is that I am dizzy trying to remember what is true and what is not. Do you think I ought to tell the truth regardless and leave him to straighten out the messes or should I keep lying for him?

SICK OF LYING

DEAR SICK (and, by the way—so is your husband!): It is not normal for a grown man to tell so many lies. A visit or two with a doctor might shed a little light on the subject.

For a personal reply, write to ABBY in care of this paper. Enclose a self-addressed, stamped envelope.

Armstrong Slated For Top Opponent

NEW YORK (AP)—"He's ready to fight the best and we're going to try and match him with either Gene Fullmer or Spider Webb."

So said Harry Markson, general manager of boxing at Madison Square Garden, after undefeated Gene (Ace) Armstrong scored a near-shutout over Italian middleweight champion Italo Scorticini in the big arena Friday night. It made Armstrong's record 17-0. The rangy, 27-year-old middleweight contender from Elizabeth, N.J., was judged a 9-1 winner in rounds by all three of the officials.

Deers End Season With 14-9 Record As Myers Stars

By J. I. SMITH
Herald Staff Writer

Williamsport's basketball season came to a sudden and jarring halt last night in the quarter-finals of the Central Ohio Class A Tournament at Otterbein College, Westerville, as Licking Heights blasted the Deers, 65-40.

The Deers probably played their worst game of the year to absorb their most convincing defeat. Williamsport started the game scared and finished in shock from the devastating fast-breaking LH attack.

The Hornets from Licking County tallied nine buckets on the fast break, four in the closing minutes against a rattled Deercreek.

LH's Al Person, a 6-3 pivot man, completely shattered any Williamsport hopes of making even a decent showing with unstoppable turn-around jump shots from inside the key and the corner.

PERSON ENDED the evening with scoring honors of 25 points. Teammate Butch Byers followed with 20 points on lay-ups off the fast break and sets from the corner.

Williamsport's leading scorer was Dave Myers with 19 points, counting nine of 11 free throws. Deercreek couldn't do anything right, missing clear bunny shots, rebounds and committing 19 turnovers on flimsy passes from nervous hands.

Licking Heights didn't have its best night of the year, either. It looked nothing like the ball club that upset No. 2 rated Columbus Rosary Wednesday night, 55-51.

Neither team could hit with any consistency. LH opened up its margin in the last quarter when its fast break started clicking. Williamsport quit trying — just wishing the slaughter would end.

Williamsport led once during the battle, 3-2, on a Myers lay-up. Licking soared back to a 6-3 lead before Myers, who scored the next 12 points, pushed the Deers to within one point.

PERSON THEN NAILED two quick turn-around jumps and LH was off to the "good ole races". Williamsport never controlled the bankboards against Person and Heinz Francis.

Both teams played a deliberate ball during the first three stanzas, but Williamsport just couldn't make the ball stay in the hoop. LH held a 14-8 first quarter lead and pounded to a 32-15 intermission advantage, outscoring Williamsport 18-7 in the second period.

Person led the Hornets to a scorching 14 of 32 field goal attempts during the first half for 43 per cent. Person tallied 13 points. Myers scored 14 points during this first two quarters as Deercreek hit only five of 27 for 18 per cent. Neither team could deliver during the third period with only 15 points being scored by both quintets.

The Hornets 18-point third quarter margin was soon shoved into a 32-point advantage as a frustrated Williamsport failed to protect itself from the fast break.

LH substituted in the final 2 1/2 minutes and the Deers battered the margin down to 25 points before the final whistle. LH employed a three out and two under defense all night.

WILLIAMSPORT USED a three under and two out defense until the second half when it was evident that a man-to-man full court press was needed.

The final half wasn't much better for the Deers as they connected on eight of 35 field goal attempts for 23 per cent. LH notched 12 of 36 for 33 per cent.

For the evening the Deers puffed the nets for 13 of 62 tries for 21 per cent. LH chalked up 26 of 68 for a respectable 39 per cent.

The foul line treated both squads well as Williamsport tallied 14 of 20 for 70 per cent and LH, 13 of 17 for 78 per cent.

The Hornets' Person, Francis and Springer tallied 10 straight charity tosses without a miss. A total of 26 fouls were called, 12 on the Deers and 14 on Licking Heights.

LH committed 11 turnovers to Williamsport's 19 for a raggedly played contest. Paul Shaw's Hornets earned the right to meet Pickerington in the semifinals Tuesday night.

DEER CREEK finished its year with a 14-9 record. The Pickerington Tygers had their hands full with a hepped-up Granville, before pulling a 52-51 last second victory out of the fire. Picktown's amazing ball handling and deadly shooting was offset by Granville's control of the bankboards and the sensational shooting of left-hander, Rudy French.

Pro Cagers Average 6 1/2 Points a Minute

BOSTON (AP)—Boston 173, Minneapolis 139 and records galore. In the most prolific scoring exhibition in the 13-year history of the NBA, Boston's Eastern division champions rewrote the record book Friday at Boston Garden. Even the losers got their share of marks.

Boston bettered the record for most points in a game, in one half (90) and in one quarter (52) without the services of its great center, Bill Russell.

St. Louis, holder of the previous single game point mark of 146, whipped Syracuse in the only other league test, 128-113, as Bob Pettit hit for 39 points at home.

The Celtics' Bob Cousy had a record 28 assists. Richie Guerin of New York had set the old standard of 21 earlier this season. Cousy also collected 31 points to follow Tommy Heinsohn's 43. Bill Sharman showed 29 points for 20 minutes.

Lost in the maze of records were 14 points and 11 rebounds by baseball spring training fugitive Gene Conley who swished hook shots with both hands. K. C. Jones' six field goals for six tries and Jim Loscutt's first half defensive job on Lakers' rookie Elgin Baylor (two field goals).

Boston tried 143 field goals, made 72. Both were records. It was a gaudy 50.3 per cent.

The teams together averaged 6 1/2 points a minute. Their combined 312 points bettered the previous high of 282 by St. Louis and Syracuse. They also combined for most points in a half (165) and in one quarter (96).

Minneapolis had to console itself with the fact that no losing team ever scored so many points.

Granville which fought back from under a 10-point deficit in the third quarter.

The Blue Aces had five chances at the bucket in the final seconds but were unable to connect. Granville finished the year with a 16-5 slate and Pickerington continues on with a 21-1 slate.

CHS Athletics Prepare for Spring Sports

With the basketball season safely tucked away for another year, athletic activity at Circleville High School soon will turn full attention to spring sports.

On the coming agenda will be baseball, track and a conditioning program for all CHS athletes. Initial practices for the baseballers and cindermen probably will be held in the gym until weather permits outside work.

The conditioning program, open to all athletes, was initiated here last year with good results. The program is designed to keep team members in trim physical shape for all sports.

This year's baseball squad will be directed by Coach Dick Fisher. He replaces Dick Boyd who was accepted a coaching job at Warren.

COACH Tom Bennett will head the track team and will be in charge of the conditioning program, assisted by Dick Snouffer, John Current, John Adler and Jack Weikert.

The baseball and track prospects look good in that several lettermen will be returning to both squads. Last year the Tigers won the South Central Ohio League baseball championship and ended second in the track circuit.

Cage Tournament Set at Minford

The second annual Minford Independent Basketball Tournament will be held on March 16 through 21.

Local managers interested in entering teams may contact Jim Gedra, Tournament Manager, Route 2, Lucasville, O. Deadline for entries will be March 10. Drawings will be held March 11.

Parry O'Brien Still King Of Shotput, but Kid Looms

LOS ANGELES (AP) — The fierce pride of a champion was never better demonstrated than by shotput champion Parry O'Brien at the University of Southern California Friday.

The world record holder was one of hundreds watching when the sensational Trojan freshman, Dallas Long, got off a heave of 63 feet 4 inches in a dual meet against a junior college.

That's two inches better than O'Brien's official record, and although there was no chance of Long's mark being accepted because of the inadequacies of the Trojan practice field on which the meet was held, O'Brien accepted it as a challenge.

While others surged around the 18-year-old giant from Phoenix, Ariz., O'Brien slipped unnoticed into the dressing room. When he returned, he was wearing his track suit.

The shot put event was over—Long having bested the second.

Mantle Promises \$80,000 Output

ST. PETERSBURG, Fla. (AP)—Carrying a fat \$80,000 contract in his wallet and wearing a wide, toothy grin Mickey Mantle today predicted he will have a big year.

"I know I have matured a great deal," said the slugger as he prepared to start his ninth spring training season with the New York Yankees. "I used to worry each spring whether I'd have a good year or not. I don't worry any more. I feel much more sure of myself. I'm confident I'm going to have a big year...if I'm not hurt."

"There's nothing wrong with me physically. I feel very good."

place man by 23 feet—and O'Brien took a few warm-up tosses.

Then the 27-year-old former Trojan put his heart, his powerful muscles and his pride into one tremendous effort. The shot sailed 63 feet 6 inches. The king was still king.

O'Brien, now a bank employee, viewed the dramatic duel calmly. "Well," he said, "I had to do it. What would people think?"

Quite understandably, O'Brien was impressed by the youth who threatens to take over the field he has dominated so long.

"He looked very good," said Parry. "And he's got too much strength to go anywhere but up. I just hope I can fight him off for another year or two, but it's going to take some doing."

O'Brien and Long may clash officially for the first time next Saturday in an AAU meet. Long is entered, but O'Brien hasn't decided whether he will compete.

Fish Licenses Now on Sale

Local rod and reel enthusiasts are reminded that fishing licenses for the coming season are now on sale here.

The initial supply of permits was received here yesterday. They go into effect tomorrow.

With spring-like weather in the air, many local fishermen probably already have the urge to wet a line. The licenses may be purchased at local sporting goods stores and hardware firms.

The license will cost \$2 again this year. A fee of 25 cents is charged by the store selling the permit.

Jr. High Team Enters Tourney

Circleville's Junior High and Freshman basketball teams are scheduled to participate in a cage tournament at Wilmington starting Monday.

The Junior High team, boasting

an 8-3 record for the year, will meet Greenfield at 7 p. m. The Freshman squad is scheduled to meet Franklin Heights at 9 p. m. The tourney will be held two nights.

Jack Weikert, Junior High said his charges also are slated to enter a tournament which starts Wednesday at Chillicothe.

The Wilmington Tournament will be composed of schools in the South Central Ohio League. Tickets for these games will be sold at the WHS gym.

Pro Cagers Average 6 1/2 Points a Minute

BOSTON (AP)—Boston 173, Minneapolis 139 and records galore. In the most prolific scoring exhibition in the 13-year history of the NBA, Boston's Eastern division champions rewrote the record book Friday at Boston Garden. Even the losers got their share of marks.

Boston bettered the record for most points in a game, in one half (90) and in one quarter (52) without the services of its great center, Bill Russell.

St. Louis, holder of the previous single game point mark of 146, whipped Syracuse in the only other league test, 128-113, as Bob Pettit hit for 39 points at home.

The Celtics' Bob Cousy had a record 28 assists. Richie Guerin of New York had set the old standard of 21 earlier this season. Cousy also collected 31 points to follow Tommy Heinsohn's 33. Bill Sharman showed 29 points for 29 minutes.

Lost in the maze of records were 14 points and 11 rebounds by base-ball spring training fugitive Gene Conley who swished hook shots with both hands. K. C. Jones' six field goals for six tries and Jim Loscutt's first half defensive job on Lakers' rookie Elgin Baylor (two field goals.)

Boston tried 143 field goals, made 72. Both were records. It was a gaudy 50.3 per cent.

The teams together averaged 6 1/2 points a minute. Their combined 312 points bettered the previous high of 282 by St. Louis and Syracuse. They also combined for most points in a half (165) and in one quarter (96).

Minneapolis had to console itself with the fact that no losing team ever scored so many points.

Granville which fought back from under a 10-point deficit in the third quarter.

The Blue Aces had five chances at the bucket in the final seconds but were unable to connect. Granville finished the year with a 16-5 slate and Pickerington continues on with a 21-1 slate.

CHS Athletes Prepare for Spring Sports

With the basketball season safely tucked away for another year, athletic activity at Circleville High School soon will turn full attention to spring sports.

On the coming agenda will be baseball, track and a conditioning program for all CHS athletes. Initial practices for the baseballers and cindermen probably will be held in the gym until weather permits outside work.

The conditioning program, open to all athletes, was initiated here last year with good results. The program is designed to keep team members in trim physical shape for all sports.

This year's baseball squad will be directed by Coach Dick Fisher. He replaces Dick Boyd who accepted a coaching job at Warren.

COACH Tom Bennett will head the track team and will be in charge of the conditioning program, assisted by Dick Snouffer, John Current, John Adler and Jack Weikert.

The baseball and track prospects look good in that several lettermen will be returning to both squads. Last year the Tigers won the South Central Ohio League baseball championship and ended second in the track circuit.

Cage Tournament Set at Minford

The second annual Minford Independent Basketball Tournament will be held on March 16 through 21.

Local managers interested in entering teams may contact Jim Gedra, Tournament Manager, Route 2, Lucasville, O. Deadline for entries will be March 10. Drawings will be held March 11.

Parry O'Brien Still King Of Shotput, but Kid Looms

LOS ANGELES (AP)—The fierce pride of a champion was never better demonstrated than by shotput champion Parry O'Brien at the University of Southern California Friday.

The world record holder was one of hundreds watching when the sensational Trojan freshman, Dallas Long, got off a heave of 63 feet 4 inches in a dual meet against a junior college.

That's two inches better than O'Brien's official record, and although there was no chance of Long's mark being accepted because of the inadequacies of the Trojan practice field on which the meet was held, O'Brien accepted it—as a challenge.

While others surged around the 18-year-old giant from Phoenix, Ariz., O'Brien slipped unnoticed into the dressing room. When he returned, he was wearing his track suit.

The shot put event was over—Long having bested the second-

place man by 23 feet—and O'Brien took a few warm-up tosses.

Then the 27-year-old ner Trojan put his heart, his powerful muscles and his pride into one tremendous effort. The shot sailed 63 feet 6 inches. The king was still king.

O'Brien, now a bank employee, viewed the dramatic duel calmly. "Well," he said, "I had to do it. What would people think?"

Quite understandably, O'Brien was impressed by the youth who threatens to take over the field he has dominated so long.

"He looked very good," said Parry. "And he's got too much strength to go anywhere but up. I just hope I can fight him off for another year or two, but it's going to take some doing."

O'Brien and Long may clash officially for the first time next Saturday in an AAU meet. Long is entered, but O'Brien hasn't decided whether he will compete.

Mantle Promises \$80,000 Output

ST. PETERSBURG, Fla. (AP)—Carrying a fat \$80,000 contract in his wallet and wearing a wide, toothy grin Mickey Mantle today predicted he will have a big year.

"I know I have matured a great deal," said the slugger as he prepared to start his ninth spring training season with the New York Yankees. "I used to worry each spring whether I'd have a good year or not. I don't worry any more. I feel much more sure of myself. I'm confident I'm going to have a big year...if I'm not hurt."

"There's nothing wrong with me physically. I feel very good."

Fish Licenses Now on Sale

Local rod and reel enthusiasts are reminded that fishing licenses for the coming season are now on sale here.

The initial supply of permits was received here yesterday. They go into effect tomorrow.

With spring-like weather in the air, many local fishermen probably already have the urge to wet a line. The licenses may be purchased at local sporting goods stores and hardware firms.

The license will cost \$2 again this year. A fee of 25 cents is charged by the store selling the permit.

Is CHEAP Seed Always Cheap?

Don't Be Fooled By A Low Price!

It's the analysis tag that tells the real worth of a bag of seed. When you're buying seed, you'll be money ahead to study the analysis tag—NOT the price tag!

Two bags of seed may look alike, but it is the SEED THAT WILL GROW that means a good harvest for you. A high percentage of pure seed with high germination adds up to more at harvest time than does a low figure on the price tag. BE SURE, study the analysis and buy your seed in the familiar Farm Bureau Bag.

Jr. High Team Enters Tourney

Circleville's Junior High and Freshman basketball teams are scheduled to participate in a cage tournament at Wilmington starting Monday.

The Junior High team, boasting

an 8-3 record for the year, will meet Greenfield at 7 p. m. The Freshman squad is scheduled to meet Franklin Heights at 9 p. m. The tourney will be held two nights.

Jack Weikert, Junior High said his charges also also are slated to enter a tournament which starts Wednesday at Chillicothe.

Paige Cothren of Los Angeles and Tom Miner of Pittsburgh each kicked 14 field goals in the National Football League last season.

The Wilmington Tournament will be composed of schools in the South Central Ohio League. Tickets for these games will be sold at the WHS gym.
